PROFESSIONAL SUMMARY

Full-Stack Python Developer with hands-on experience building and deploying web applications using Django, Django REST Framework (DRF), React JS, and MySQL/PostgreSQL. Skilled in REST API development, JWT authentication, CRUD operations, role-based access control (RBAC), API integration, and responsive frontend development. Experienced in Git/GitHub workflows, Postman API testing, and deploying full-stack applications. Built and deployed projects including ADD-it AI LMS, a role-based marketplace Learning Management System, Student Course Management System (SCMS), Full-Stack Todo Application, and a Portfolio Website. Passionate about developing scalable, secure, and user-friendly web applications while continuously learning modern backend and frontend technologies.

INTERNSHIP

Full Stack Python Developer Intern (Remote)

OneTeam EdTech Pvt Ltd, Kochi | Jul 2025 – Present

- Developed and maintained backend modules using Django, including models, views, authentication, session management, and optimized database queries.
 - Designed and integrated RESTful APIs using Django REST Framework (DRF) with React JS frontend applications using Axios and Fetch API.
 - Implemented CRUD operations, Role-Based Access Control (RBAC), and secure JWT authentication using MySQL and Django REST Framework.
 - Performed API testing using Postman and collaborated on responsive frontend development using HTML5, CSS3, Bootstrap, JavaScript, Git, and GitHub.
-

PROJECTS

AddItAI LMS – A Role-Based Marketplace Learning Management System (Deployed)

Python, Django, DRF, React JS, MySQL

- Developing a role-based LMS platform with JWT authentication, course enrollment, cart, payment workflow, and certificate generation.
- Building RESTful APIs using Django REST Framework and integrating them with React frontend applications.
- Implementing advanced features including dashboards, ratings & reviews, secure media access, and marketplace functionality.

Live Demo: <https://add-it-ai.vercel.app/>

SCMS - Student Course Management System (Deployed)

Python, Django, MySQL

- Developed and deployed a full-stack web application for managing students, courses, enrollments, and role-based access.
- Implemented authentication, CRUD operations, form validation, pagination, filtering, and optimized database queries.
- Designed responsive interfaces and improved administrative workflow through centralized course management.

Live Demo: <https://sreesandhya.pythonanywhere.com>

Full-Stack Todo Application (Deployed)

Python, Django REST Framework, React, Postman

- Developed a full-stack Todo application with CRUD functionality for efficient task management using Django REST Framework and React.
- Built and integrated RESTful APIs with a React frontend using Axios, along with task filtering and responsive UI design.
- Performed API testing using Postman, including request validation, error handling, and debugging to ensure reliability.

Live Demo: <https://react-django-todo-sreesandhya.vercel.app/>

TECHNICAL SKILLS

Programming	: Python, C, C++
Web Technologies	: HTML5, CSS3, JavaScript, Bootstrap, React JS, jQuery, AJAX, Tailwind CSS
Frameworks	: Django, Django REST Framework (DRF)
Databases	: MySQL, PostgreSQL
Testing & QA	: API Testing, Postman, Functional Testing, Integration Testing, Request/Response Validation, CRUD Testing, Debugging
Tools & Platforms	: Git, GitHub, VS Code, PyCharm, Postman, Docker(Basic), CI/CD (Basic)
Concepts	: REST APIs, JWT Authentication, RBAC, CRUD Operations, MVT Architecture, OOP, Async Tasks (Celery), Caching (Redis)
Operating Systems	: Windows, Linux

PROFESSIONAL EXPERIENCE

Programming Faculty

Microtech, Kozhikode | Aug 2024 – April 2026

- Delivered hands-on training in Python, C, C++, HTML, CSS, JavaScript, MS Office, and Ubuntu Linux for beginner and intermediate learners.
- Designed practical exercises, mini-projects, and mentoring sessions to strengthen programming fundamentals and problem-solving skills.

Faculty in Computer Science

Devine Management College, Kozhikode | Jul 2022 – Aug 2024

- Taught C, C++, HTML, DBMS, MS Office, and Linux through classroom instruction and practical lab sessions.
- Guided students in mini-project development while simplifying technical concepts using hands-on demonstrations and real-world examples.

Programming Faculty

Lakhotia Computer Centre, Kozhikode | May 2006 – Nov 2008

- Delivered training in C, C++, Java (Basics), VB, C#, ASP, .NET technologies, JavaScript, HTML, CSS, and databases.
 - Assisted students with programming assignments, debugging, Linux practical, and project development focused on real-world applications.
-

EDUCATION

'A' Level Advanced Diploma

St. Joseph's College, Devagiri, Kozhikode / DOEACC Society (New Delhi) – July, 2004 – December, 2005

Post Graduate Diploma in Computer Applications

St. Joseph's College, Devagiri, Kozhikode – July, 2004 – December, 2005

Bachelor of Commerce (Co-operation)

Mercy Arts College Vadakara / University of Calicut – July, 2001 – 2004
